OUR TRIP

Shirley and I will be leaving early morning of April 3rd for a journey that will take us from San Francisco through Taiwan to the Philippines. There we will be taking part in Philippine International Bible Institute graduations in Batangas and Olongapo. Shirley will also teach the ladies Bible class teachers in Angeles City. A review of school policies will be discussed with all four of the Philippine schools. Further relationships will be built with all of the schools and acquaintances will be renewed.

From the Philippines we will go to Thailand to attend a camp that draws hundreds of Christians from all over the country. We will be able to spend time with Patinya Thitathan who is the director of our associate school, Bangkok Servant Leadership, in Bangkok.

From our stay in Thailand we will go to Phnom Penh, Cambodia for four weeks of teaching in the Cambodia Bible Institute. I will be teaching a course on “The church in the book of Acts”. Shirley will be teaching in the World English Institute run from the PIP house. All of these possibilities are thrilling to us as well as the many trips we will make into the country to see the people and visit the good works of missionaries and students from the school.

How can you help?

- ◆ We still lack \$800 for the funds making up this upcoming trip
- ◆ We need to raise \$700 for translation costs in India
- ◆ Starting May we need as many \$50 a month commitments for scholarship of beginning Indian students in Bidar
- ◆ If you have laptop computers or multi-media projectors to donate, we can use them in the Philippines.
- ◆ **ANY FUNDS THAT YOU CAN MAKE AVAILABLE CAN BE SENT THROUGH THE HAM LANE CHURCH IN LODI. THEIR ADDRESS APPEARS ABOVE**

Other News

This past weekend I met with Dwight Whitsett in Granbury, Texas to discuss our work together in the South Pacific and Asia. Dwight is a delightful person and will be great to work with. Look for more news to come about the work “down under”.

We are on schedule to begin classes at Bidar Bible College in India on May the 1st. Dean Patterson Reuben is busy with a team of six translators getting all the materials together. Pray for these fine men and the students in India that will be taught.

SIBI—Singapore is on the verge of getting government approval to offer student visas to others from all over Asia.

So far we have confirmation of 26 graduates coming from classes early in 2010. These are the results from only four reporting schools.
